Description

Our shampoo is made with the most natural and pure ingredients. It consists of natural olive oil soap, herb extracts, vegetable glycerin and pure essential oils. It gently cleans, nourishes and stimulates the hair roots, encourages new growth of hair and allows the skin to rebalance it's own oil libids. Olive oil soap is an excellent conditioner for the hair and scalp. It controls and removes stubborn dandruff, repairs damage to hair caused by heated styling tools and chemical hair treatments and it leaves hair feeling healthy and soft improving hair strength and elasticity. Suitable for all hair types. Also ideal for those who are sensitive to or can't use chemicals such as in pregnancy.

**Use**
Use it like any other shampoo. Note that at low temperatures the shampoo thickens (we don't use any perservatives or synthetic ingredients), therefore store in room temperature and shake well before use.A tip for shinier hair than ever, use before the last rinse instead of conditioner, apple vinegar diluted in plain water or chamomile extract, ratio 1 : 3 or 4.

**Reviews**
